SALE, PURCHASE AND REMOVAL AGREEMENT WITH TERMS AND CONDITIONS

The undersigned attendee, possible bidder and potential buyer at this Auction for it/him/her-self and all of its/his/her employers, employees, agents, principals, contractors and owned or controlled entities and organizations has read, acknowledges, understands, has full knowledge of and agrees to be bound by this Sale and Purchase Agreement with Terms and Conditions ("Agreement"). The bidder identified by the Auctioneer as the high bidder or successful bidder at auction ("Successful Bidder") shall be deemed to have as of such time entered into a legally binding contract to purchase the item bid upon ("Lot") at the bid price and in accordance with and pursuant and subject to this Agreement. All determinations, rulings, and adjustments made by the Auctioneer in good faith shall be final, binding, and conclusive upon all bidders at this Auction. The term "Auctioneer" herein means Cincinnati Industrial Auctioneers, Inc.

- 1. IDENTIFICATION** - All Bidders are required to give full name and addresses at time of registration for the Auction.
- 2. DEPOSIT** - Each Successful Bidder will be required to make a deposit in cash, by bank cashier's check or wire transfer of 25 percent (25%) of the successful bid on each Lot at time of knockdown. In default of such deposit, the Lot may be put up again immediately and resold.
- 3. TIME OF PAYMENT**—Each Successful Bidder shall receive an invoice during or at the conclusion of the Auction. All invoices must be paid in full by the close of business on the last day of the Auction and prior to removing any Lot. Title to the Lot passes to the Successful Bidder only upon full payment. Any other arrangement must be made with Auctioneer prior to bidding. In the absence of payment or agreement by the Auctioneer, title to the Lot shall not transfer to the Successful Bidder and such Successful Bidder will lose any right, title or interest such Successful Bidder may have acquired, and the deposit paid, if any, without further notice to such Successful Bidder. The Successful Bidder shall nonetheless remain liable for any damages caused by the Bidder's failure to pay.
- 4. REMOVAL** - All purchased Lots must be removed from the site of the Auction ("Auction Site") not later than the date specified in the Auction Catalogue and/or announced at the Auction. No Lot can, on any account, be removed during the Auction. Removal shall be at the expense, risk, and liability of the Successful Bidder. Purchased Lots will be released only on presentation of paid invoice. Auctioneer shall not be responsible for Lots not removed within the time allowed, but Auctioneer shall have the option to remove and store at the expense and risk of the Successful Bidder any Lot purchased, but not paid for and removed within the time required.
- 5. MANNER OF PAYMENT**—All payments must be made by cash, bank cashier's check or wire transfer. All checks for deposits and balances due shall be payable to the order of "Cincinnati Industrial Auctioneers, Inc." All invoices must be paid to representatives of the Auctioneer at the Auction Site unless otherwise announced. The full purchase price on all Lots sold to the same Successful Bidder must be paid within the time fixed and before removal of any Lot.
- 6. CLAIMS** — No Claims will be allowed after removal of Lots from the Auction Site.
- 7. RESPONSIBILITY FOR NON-DELIVERY**- Auctioneer and Nippon Sharyo Manufacturing, LLC, a Delaware limited liability company the owner and seller of all Lots ("Seller"), shall not, in any event, be liable to any Successful Bidder for non-delivery of any Lot or for any other matter or thing, other than for the return to the Successful Bidder of the deposit or sum paid on said Lot, should the Successful Bidder be entitled thereto. This means that if for any reason a Lot is not made available to a Successful Bidder, the damages the Successful Bidder may claim for such non-delivery are limited to the amounts paid and the Successful Bidder waives any claim for damages for lost profits, lost opportunity, the value of the Lot in excess of the purchase price, the Successful Bidder's time and expenses and incidental and consequential damages, all of which are expressly waived.
- 8. COMPLIANCE WITH AGREEMENT** — In default of payment of invoices in full within the time herein specified, the Auctioneer in addition to all other remedies allowed by law, may retain all monies received as deposit or otherwise, as liquidated damages. Lots not paid for and removed within the time allowed herein may be resold at public or private sale without further notice, and any deficiency, together with all expenses and charges of resale, will be charged to the defaulting Successful Bidder.
- 9. RISK TO PERSON AND PROPERTY**— Persons attending the Auction or any exhibition or removal of Lots assume all risks of injury or death to person and damage or loss of property and specifically release the Auctioneer and Seller from liability therefore and agree to indemnify and hold Auctioneer and Seller harmless from any loss, claim, liability, cost, or expense caused all or in part by such person(s). Neither the Auctioneer nor Seller shall be liable by reason of any defect in or condition of the Auction Site.
- 10. ADDITION TO OR WITHDRAWAL FROM AUCTION** — The Auctioneer reserves the right to alter the order of sale of the Auction, withdraw from the Auction any of the Lots or parts thereof or to sell at the Auction Lots not listed, and also reserves the right to group one or more Lots into one or more selling Lots or to subdivide into two or more selling Lots, or make any combination thereof which Auctioneer in its sole discretion determines. Whenever the best interest of the Seller will be served, the Auctioneer reserves the right to sell Lots in bulk.
- 11. SALE BY ESTIMATED WEIGHT, COUNT OR MEASURE** — Where items are sold by estimated weight, count, or measure, the Successful Bidder will be invoiced for and required to pay for the estimated weight, count, or measure. If upon delivery any shortage exists, the Successful Bidder will receive a credit at the rate of the bid. If there be an excess, the Successful Bidder will be required to take and pay for such excess, at the rate of the bid.
- 12. DISPUTE BETWEEN BIDDERS/BID INCREMENTS** — If any dispute arises between two or more bidders, the Auctioneer may decide the same or put the Lot up for sale again at once, or resell to the highest bidder. The Auctioneer may reject a nominal or fractional bid advance in the Auctioneer's sole discretion.

13. **RESERVE** — The Auctioneer reserves the right to reject any and all bids. On Lots upon which there is a reserve, the Auctioneer shall have the right to bid on behalf of Seller and shall have no obligation to denote or announce such reserve or bid.
14. **RECORDS** — The record of sale kept by the Auctioneer will be taken as final in the event of any dispute.
15. **AGENCY**—The Auctioneer is acting as agent only and is not responsible for the acts of its principals.
16. **SALES TAX** — All sales are subject to state and local taxes, which will be collected from the Successful Bidder unless a proper exemption certificate including tax-exempt number is presented at the time of payment.
17. **BUYER'S PREMIUM** — The Auctioneer in its sole discretion may impose a buyer's premium on any Lots sold. A buyer's premium is a percentage that is added to the final purchase price of any Lot.
18. **ADDITIONAL TERMS AND CONDITIONS** — Auctioneer may modify or supplement this Agreement by language in the catalog available at the Auction Site or by announcement at the start of the Auction.
19. **EXPORT CONTROLS.** The Lots are being sold for use within the United States only. Any export, transfer, resale, or other disposition of any of the Lots or any technology, hardware, components, firmware or software contained therein out of the United States (collectively, "Diversion") is subject to and must be made in accordance with all applicable law. Diversion contrary to applicable law is strictly prohibited. Any Successful Bidder shall comply with all applicable export/export control laws, rules and regulations of the United States and all other foreign countries, governments, agencies or authorities including without limitation, if applicable, the International Traffic-In-Arms Regulations (collectively, "Export Laws"); and not execute any Diversion in violation of any Export Laws, or without all necessary exemptions/approvals/authorizations/licenses. A Successful Bidder shall acknowledge, that Diversion of any Lots may require export/export control licenses/approvals/ authorizations/exemptions from the United States government or foreign countries, governments, agencies or authorities. In cases where licenses, authorizations, exemptions or approvals are required, Successful Bidders shall be exclusively responsible for obtaining such required licenses/approvals/authorizations/exemptions from the appropriate governments, agencies or authorities. Successful Bidders shall bear all expenses relating to obtaining any necessary licenses, authorizations, exemptions or approvals required under all Export Laws with respect to any Diversion. SALE, PURCHASE AND REMOVAL AGREEMENT WITH TERMS AND CONDITIONS

The undersigned attendee, possible bidder and potential buyer at this Auction for it/him/her-self and all of its/his/her employers, employees, agents, principals, contractors and owned or controlled entities and organizations has read, acknowledges, understands, has full knowledge of and agrees to be bound by this Sale and Purchase Agreement with Terms and Conditions ("Agreement"). The bidder identified by the Auctioneer as the high bidder or successful bidder at auction ("Successful Bidder") shall be deemed to have as of such time entered into a legally binding contract to purchase the item bid upon ("Lot") at the bid price and in accordance with and pursuant and subject to this Agreement. All determinations, rulings, and adjustments made by the Auctioneer in good faith shall be final, binding, and conclusive upon all bidders at this Auction. The term "Auctioneer" herein means Cincinnati Industrial Auctioneers, Inc.

- 1. IDENTIFICATION** - All Bidders are required to give full name and addresses at time of registration for the Auction.
- 2. DEPOSIT** - Each Successful Bidder will be required to make a deposit in cash, by bank cashier's check or wire transfer of 25 percent (25%) of the successful bid on each Lot at time of knockdown. In default of such deposit, the Lot may be put up again immediately and resold.
- 3. TIME OF PAYMENT**—Each Successful Bidder shall receive an invoice during or at the conclusion of the Auction. All invoices must be paid in full by the close of business on the last day of the Auction and prior to removing any Lot. Title to the Lot passes to the Successful Bidder only upon full payment. Any other arrangement must be made with Auctioneer prior to bidding. In the absence of payment or agreement by the Auctioneer, title to the Lot shall not transfer to the Successful Bidder and such Successful Bidder will lose any right, title or interest such Successful Bidder may have acquired, and the deposit paid, if any, without further notice to such Successful Bidder. The Successful Bidder shall nonetheless remain liable for any damages caused by the Bidder's failure to pay.
- 4. REMOVAL** - All purchased Lots must be removed from the site of the Auction ("Auction Site") not later than the date specified in the Auction Catalogue and/or announced at the Auction. No Lot can, on any account, be removed during the Auction. Removal shall be at the expense, risk, and liability of the Successful Bidder. Purchased Lots will be released only on presentation of paid invoice. Auctioneer shall not be responsible for Lots not removed within the time allowed, but Auctioneer shall have the option to remove and store at the expense and risk of the Successful Bidder any Lot purchased, but not paid for and removed within the time required.
- 5. MANNER OF PAYMENT**—All payments must be made by cash, bank cashier's check or wire transfer. All checks for deposits and balances due shall be payable to the order of "Cincinnati Industrial Auctioneers, Inc." All invoices must be paid to representatives of the Auctioneer at the Auction Site unless otherwise announced. The full purchase price on all Lots sold to the same Successful Bidder must be paid within the time fixed and before removal of any Lot.
- 6. CLAIMS** — No Claims will be allowed after removal of Lots from the Auction Site.
- 7. RESPONSIBILITY FOR NON-DELIVERY**- Auctioneer and Nippon Sharyo Manufacturing, LLC, a Delaware limited liability company the owner and seller of all Lots ("Seller"), shall not, in any event, be liable to any Successful Bidder for non-delivery of any Lot or for any other matter or thing, other than for the return to the Successful Bidder of the deposit or sum paid on said Lot, should the Successful Bidder be entitled thereto. This means that if for any reason a Lot is not made available to a Successful Bidder, the damages the Successful Bidder may claim for such non-delivery are limited to the amounts paid and the Successful Bidder waives any claim for damages for lost profits, lost opportunity, the value of the Lot in excess of the purchase price, the Successful Bidder's time and expenses and incidental and consequential damages, all of which are expressly waived.
- 8. COMPLIANCE WITH AGREEMENT** — In default of payment of invoices in full within the time herein specified, the Auctioneer in addition to all other remedies allowed by law, may retain all monies received as deposit or otherwise, as liquidated damages. Lots not paid for and removed within the time allowed herein may be resold at public or private sale without further notice, and any deficiency, together with all expenses and charges of resale, will be charged to the defaulting Successful Bidder.
- 9. RISK TO PERSON AND PROPERTY**— Persons attending the Auction or any exhibition or removal of Lots assume all risks of injury or death to person and damage or loss of property and specifically release the Auctioneer and Seller from liability therefore and agree to indemnify and hold Auctioneer and Seller harmless from any loss, claim, liability, cost, or expense caused all or in part by such person(s). Neither the Auctioneer nor Seller shall be liable by reason of any defect in or condition of the Auction Site.
- 10. ADDITION TO OR WITHDRAWAL FROM AUCTION** — The Auctioneer reserves the right to alter the order of sale of the Auction, withdraw from the Auction any of the Lots or parts thereof or to sell at the Auction Lots not listed, and also reserves the right to group one or more Lots into one or more selling Lots or to subdivide into two or more selling Lots, or make any combination thereof which Auctioneer in its sole discretion determines. Whenever the best interest of the Seller will be served, the Auctioneer reserves the right to sell Lots in bulk.
- 11. SALE BY ESTIMATED WEIGHT, COUNT OR MEASURE** — Where items are sold by estimated weight, count, or measure, the Successful Bidder will be invoiced for and required to pay for the estimated weight, count, or measure. If upon delivery any shortage exists, the Successful Bidder will receive a credit at the rate of the bid. If there be an excess, the Successful Bidder will be required to take and pay for such excess, at the rate of the bid.
- 12. DISPUTE BETWEEN BIDDERS/BID INCREMENTS** — If any dispute arises between two or more bidders, the Auctioneer may decide the same or put the Lot up for sale again at once, or resell to the highest bidder. The Auctioneer may reject a nominal or fractional bid advance in the Auctioneer's sole discretion.

13. **RESERVE** — The Auctioneer reserves the right to reject any and all bids. On Lots upon which there is a reserve, the Auctioneer shall have the right to bid on behalf of Seller and shall have no obligation to denote or announce such reserve or bid.
14. **RECORDS** — The record of sale kept by the Auctioneer will be taken as final in the event of any dispute.
15. **AGENCY**—The Auctioneer is acting as agent only and is not responsible for the acts of its principals.
16. **SALES TAX** — All sales are subject to state and local taxes, which will be collected from the Successful Bidder unless a proper exemption certificate including tax-exempt number is presented at the time of payment.
17. **BUYER'S PREMIUM** — The Auctioneer in its sole discretion may impose a buyer's premium on any Lots sold. A buyer's premium is a percentage that is added to the final purchase price of any Lot.
18. **ADDITIONAL TERMS AND CONDITIONS** — Auctioneer may modify or supplement this Agreement by language in the catalog available at the Auction Site or by announcement at the start of the Auction.
19. **EXPORT CONTROLS.** The Lots are being sold for use within the United States only. Any export, transfer, resale, or other disposition of any of the Lots or any technology, hardware, components, firmware or software contained therein out of the United States (collectively, "Diversion") is subject to and must be made in accordance with all applicable law. Diversion contrary to applicable law is strictly prohibited. Any Successful Bidder shall comply with all applicable export/export control laws, rules and regulations of the United States and all other foreign countries, governments, agencies or authorities including without limitation, if applicable, the International Traffic-In-Arms Regulations (collectively, "Export Laws"); and not execute any Diversion in violation of any Export Laws, or without all necessary exemptions/approvals/authorizations/licenses. A Successful Bidder shall acknowledge, that Diversion of any Lots may require export/export control licenses/approvals/ authorizations/exemptions from the United States government or foreign countries, governments, agencies or authorities. In cases where licenses, authorizations, exemptions or approvals are required, Successful Bidders shall be exclusively responsible for obtaining such required licenses/approvals/authorizations/exemptions from the appropriate governments, agencies or authorities.
