

Proof of Vaccination

Writers registering to attend the Write Nights In-Person circles for the first time will be asked to provide Proof of Vaccination.

A photo of the vaccination card should be sent by email to:

vaccines@womenwriting.org

Those who wish to attend as a Drop-In Guest to Write Nights will need to provide proof of vaccination “at the greeter’s table” to gain access to the building. A paper vaccination card or copied/scanned image of the card is sufficient.

Once vaccination status is established, documentation will not be required to attend subsequent In-Person circles at WWf(a)C. Your vaccination status will be kept confidential and on file with the office.

Wearing a mask is optional, but all those attending are strongly encouraged to bring along a mask. We will also have masks on hand.
